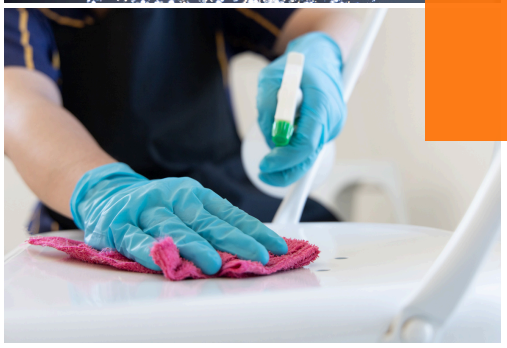
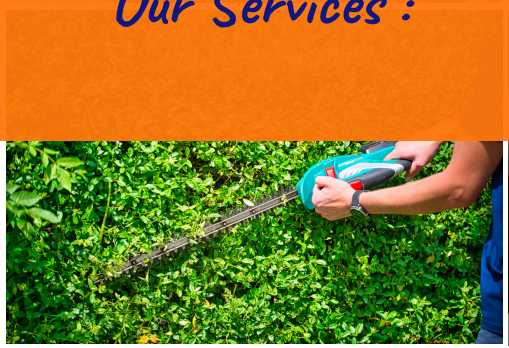
Minimum charge: Our minimum service charge is 60min.

Cancellations: We require a minimum of 48 hours notice when cancelling or changing the date of a service. If less than 48 hours notice is received, the service will be charged in full.

Overnight passive care: Overnight care is to be booked as a 12-hour minimum shift and includes 4 hours of active care and 8 hours for the sleep period. Included in the sleep period is 2 hours of active care if supports are required. Additional fees will be applied if the care worker is woken for more than 2 hours during the sleep period. Please note that the care worker will need their own separate room for the sleep period.

Our Services :





With our range of quality services, you will be able to live independently in your own home. Our qualified, dedicated, and experienced staff will work with you to determine your needs and goals. We then write up a care plan that will help you to maintain an independent, happy and healthy life in the comfort of your own home. Our services include:

Personal Care:
This service includes assistance with personal activities such as showering, bathing, toileting, grooming, and dressing, ensuring the maintenance of good personal hygiene. It also includes medication and continence management.

Nursing support:
We provide comprehensive nursing services in the comfort of your home, offering expertise in wound care, dressings and bandages, pain management, injections and general health assistance and assessments.

Social support:
This service ensures your engagement in social activities, whether within the confines of your home or outside. You have the flexibility to opt for a walk, enjoy lunch outings, or participate in social gatherings and community events.

Transport:
We provide transport to get you out and about. This includes assistance with shopping and visits to health practitioners. We also support you to get into the community to attend social activities or to attend family events.

Shopping:
We can assist you in doing your shopping (groceries, clothes) and support you in paying bills or banking. We are hoping to do this together with you, but are happy to shop for you if you are too unwell.

Meal Preparation:
This service includes assistance with planning and preparing meals (including special diets for health, religious, cultural or other reasons).

Respite Care:
We can provide respite care to ensure that the main caretaker can get a well-deserved break.

Cleaning:
We provide support around your house to ensure that you are living in a clean and tidy environment.

Gardening:
We provide assistance with weeding, pruning, lawn mowing, planting, and all other tasks necessary to maintain a tidy and beautiful garden space.

Home maintenance:
We can assist you with general household repairs and home maintenance to keep your home safe and comfortable.
